## **WELCOME TO OUR CAFETERIA**

We would like to invite students and faculty to participate in School District U-46's school meal program. To better serve you, we have several options of payment available. All students have a meal program account by virtue of their school ID card. Every student who enters the cafeteria serving area will enter their ID number or scan their card to use their account. They can pay each day after they select their food or they can pre-pay, which will speed up the process and allow each student more time to eat and socialize. To prepay, parents can send a check or cash to school with their child. After choosing their meal and scanning their card, they simply tell the cashier that they have money for their account. A second option for pre-payment is called MealpayPlus. This internet service is not controlled by our school district but is linked to our cafeteria software. MealpayPlus is an online prepayment system that you can access from home using a credit card or check. **The website link for MealpayPlus is [www.mealpayplus.com](http://www.mealpayplus.com).** Please note that there is a small fee of \$2.00 per transaction for using this convenience. It could take 24 to 36 hours for the money to reach the student's account.

We welcome building staff to set up meal accounts with the cafeteria manager for quick, convenient service.

If you would like to pay by check, please see below:

- Make check payable to [Your School's Cafeteria Name](#). (not U-46)
- Put the student's school ID number above your name on the check.
- Write the student's full name on the memo line.
- Please include your phone number on the check.

**We would be happy to accept cash or checks at registration, at the food service station...**
