 - A. Central Schools Framework Proposal - Principal Lindsay Mota
Principal Lindsay Mota presented information about the school overall, as well as a proposal for professional development
Highlights:
 - **Shift in school day hours to allow for later start (to hopefully decrease truancies) and to allow for additional elective and SEL opportunities in the day.**
 - **Entire model is a shift in mindset from a punitive to more therapeutic mindset**
 - **Proposal would add an additional 11 days of training for all Central Schools Staff before the school year starts so that they can receive training on CPI, Restorative Practices, SPARCS, and other skills to ensure that all staff (including paraprofessionals) feel ready to help the students they will be working with.**
 - **This model would allow the maximum number of students that can attend Central Schools to increase to 140 (almost double the amount of students)****PD Committee is not being asked to pay for the professional development, this proposal will go to the school board**
