Some feedback from the committee on this section:
Most respondents did not have questions about the PD updates, though a few provided feedback. Some expressed appreciation for the alignment of upcoming PD with teachers' needs, particularly i-Ready training. Others inquired about the Learning Lab's interest level and continuation, questioned grade-level limitations for i-Ready, and suggested adding more context to the Learning Lab flyer for those unfamiliar with it.

    D. Return from Conference Questions
        1. Please review the selection of questions that we would like to send to individuals after they return from their learning and provide your feedback (These are also on the Google Form)

Question Preferences:
- *Most members supported asking about the relevance of conference content to professional goals.*
- *Interest was shown in questions regarding major takeaways and implementation strategies.*
- *Some members were neutral on questions about changes in teaching approaches and conference expectations.*
- *A few members recommended avoiding yes/no questions and adding questions focused on direct classroom impact.*

IV. Next Steps
