SPECIAL INITIATIVES AND PROGRAMS

I. Boys & Girls Clubs of America – National Youth Outcomes Initiative

Our Club takes part in an annual Survey that is used to track the wellbeing of members in Boys & Girls Clubs nationally. Our Club is one of a group of Clubs across the country participating in this survey that asks how members feel about the activities and time they spend at the Club, education plans, and involvement in community service and work.

Additionally, the survey asks about the attitudes and health behaviors of Club members, including questions about nutrition and physical activity. Teen members aged 13 and older are asked additional questions around alcohol, tobacco and other drug use, fighting, arrests, and whether teens are sexually active.

Members will be asked to complete the survey once annually during regular Club hours. The survey takes 30 - 45 minutes to complete and will be administered either online or via paper & pencil scannable booklets. The only potential risk is that some teen members might find certain questions to be sensitive. The survey has been designed to protect your child's privacy. Members will not put their names on the survey, and no member will ever be mentioned by name in a report of the results. All information from the survey is being used to assess the wellbeing of Boys & Girls Clubs members and will be kept completely confidential. Only the Boys & Girls Clubs of America national organization that is conducting the survey will have access to the data. Others will see only reports of the information combined for groups of youth in the study or all youth at a Club. No reports will be shared that show your child's answers on the survey.

Your child will get no benefit right away from taking part in the survey. The results of this survey will help your child and other members of Boys & Girls Clubs in the future by assisting all national Boys & Girls Clubs to develop programming that best meets members' needs. We would like all members at our Club to take part in the survey, but the survey is voluntary. No action will be taken against the Club, you, or your child if he/she does not take part. Additionally, survey participants can skip any questions they do not wish to answer and may stop participating in the survey at any point without penalty. If you would like to see the survey, a copy is available the main office at 355 Dundee Avenue in Elgin, Illinois. You may review the survey at the Club during regular Club hours. If you have questions about the survey, you can also contact measurement@bgca.org. For questions or concerns about your child's rights as a research participant, contact the Abt Associates Institutional Review Board at 877-250-6835.

II. Illinois Alliance of Boys & Girls Clubs 21st CCLC Parent/Guardian Informed Consent

The goal for 21st Century Community Learning Centers is for each and every child to have a successful and enjoyable experience in our programs that prepares them for the future. To help us understand if we are reaching this goal, and to identify areas in which we could do a better job, we are conducting an ongoing survey for children who participate in our programs and their families.

We plan to ask children directly about their experiences in our program and in school more generally. We will gain this information by asking children to complete a survey that takes about 20 minutes to finish. With your permission, we will be administering the survey to your child during a program session at the end of the school year. We will also, with your permission, ask your child's teacher to complete a brief survey at the end of the school year. We do not anticipate risks to your child beyond those of everyday living. All surveys are available for your inspection and review (please contact the program director if you would like to look at the surveys).

In addition, we would like your permission to obtain your child's/children's school records, including grades and scores on school achievement tests. We would like your child's/children's achievement test scores for this year and last year. Of course, you can withdraw your permission at any time you choose.

II. Illinois Alliance of Boys & Girls Clubs 21st CCLC Parent/Guardian Informed Consent (CONTINUED)

The focus of this project is understanding how well the programs of 21st Century Community Learning Centers serve children and their families. The staff of the 21st Century Community Learning Centers will never see the individual responses of anyone participating in this project. Thus, we can assure you of complete confidentiality for your child's answers, and for your own. All the answers to questionnaires will be coded and all identifying information will be removed.

You may be asked some personal questions. You can refuse to answer any questions that you choose and you can withdraw from the surveys at any time. Whether you decide to participate or not, these decisions will not affect your ability or that of your child to participate in programs sponsored by 21st Century Community Learning Centers.

If you have any questions about this project, please call Health Systems Research (815-395-5639 or 800-854-4461). The Institutional Review Board (IRB) at the University of Illinois College of Medicine – Rockford may be contacted at 815-395-5942 for information about the rights of research participants. Your signature below indicates that you agree with this statement and are willingly participating.

III. Illinois Alliance of Boys & Girls Clubs Teen REACH Program Parent Release of Information

As the legal parent/guardian of my son/daughter, I authorize the School District and /or the educational institution my child attends to release the following information to the Boys & Girls Club of Elgin on a quarterly basis: grade point averages, photocopies of report cards, school attendance rates, grade advancement information and graduation information.

Photocopies of this form shall be considered a valid release for all information.

IV. Boys & Girls Clubs of America SMART (Skills Mastery and Resistance Training) Moves Programs

My child has expressed an interest in participating in Boys & Girls Club of Elgin's SMART Moves program. The SMART (Skills Mastery and Resistance Training) Moves program is a nationally acclaimed prevention program originally developed in the 1980s with the help from prevention specialists and Clubs around the country. Newly revised in 2011, the program incorporates the latest information and approaches that BGCA has learned about effective prevention. Participants will be exposed to various activities designed to hone their decision-making & critical thinking skills, as well as learn how to avoid and/or resist alcohol, tobacco, other drugs and premature sexual activity.

My daughter has expressed an interest in participating in Boys & Girls Club of Elgin's SMART Girls program. SMART Girls is a program of prevention that educates girls about healthy attitudes and lifestyles. The program will address positive, healthy body images; healthy lifestyles including diet, exercise, and personal hygiene; physical and emotional growth associated with puberty including but not limited to sexually transmitted diseases, sexual truths and myths, menstruation, and the importance of regular exams; other questions girls have will also be addressed with a female staff member and/or brought to your attention when appropriate.

My son has expressed an interest in participating in Boys & Girls Club of Elgin's Passport to Manhood program. Passport to Manhood promotes and teaches responsibility in Club boys ages 11-18. Areas addressed by the program include healthy lifestyles including diet, exercise, and personal hygiene; physical and emotional growth associated with puberty including but not limited to sexually transmitted diseases, sexual truths and myths; other questions boys have will also be addressed with a male staff member and/or brought to your attention when appropriate. Passport to Manhood represents a targeted effort to engage young boys in discussions activities that reinforce positive behavior.

In addition, as part of all SMART programs, we will be administering a pre and post survey to assess your son/daughter's knowledge and understanding of some of these topics.

V. OJP Mentoring Program

I, give my permission for my child to participate in the Mentoring Program at the Boys & Girls Club.

I fully understand that the program involves mentors, who shall be selected from the community and will be screened (including a criminal background check) and trained before beginning in the program. A mentor will be expected to spend a minimum of one hour per week with my child on-site at the Boys & Girls Club. The mentor is not allowed to take or meet my child beyond the Club facility.

I understand that my child will participate in an orientation session at the Club in which the program will be explained. The program is planned to last one year and continuation may then be discussed.

I understand that during the course of the mentoring program there may be special group events (incorporating all mentors and youth) and family events planned. I understand that the staff of the Club will provide ongoing monitoring of the mentoring activities.

I give the Boys & Girls Club Mentoring Program Coordinator permission to obtain my child's academic and attendance records from my child's school.

I permit the Mentoring Program staff and the Boys & Girls Club to utilize photographs of my child taken during his/her involvement in the mentoring program and waive all rights of compensation.

The Club reserves the right to terminate this membership if deemed necessary, for the sake of any child's well-being.

I have read all of the above information and agree to the terms set forth by The Boys & Girls Club of Elgin.

PARENT & MEMBER: I have read and agree to abide by all items in the Parent & Member Expectations document (available online, see "Club Information" at www.bgcelgin.org)
