August 17, 2015

Members of the Board of Education and Citizens of School District U-46:

We are pleased to present a balanced Fiscal Year 2016 Budget for School District U-46, which resides in the counties of Cook, DuPage, and Kane. The Fiscal Year 2016 budget begins July 1, 2015, and ends on June 30, 2016, thus spanning the 2015-16 School Year.

This budget is aligned to our new Strategic Plan which will drive our efforts for promoting and achieving academic success for all students. Specifically, we want to eliminate student achievement gaps and ensure all our students are prepared to succeed in college and the workplace.

We are projecting that our total revenue for FY 2016 will increase by \$7.5 million. Two million dollars will be generated from property taxes, \$3.3 million from state sources, \$2.0 million from federal sources and the remaining from local sources. The additional property tax funds will be generated from the 2014 tax levy, the general state aid will increase by \$15.2 million under the budget passed by the Illinois legislature and signed by the Governor, however we have decided to only project three categorical payments for this fiscal year which will reduce our revenue projections by \$10.6 million. Expenditures are projected to increase by \$20 million. Approximately \$7.5 million will be in salaries (note: we have allocated an additional \$4 million in salaries to meet the needs of the Strategic Plan and unforeseen staffing needs), \$2.4 million for benefits, \$3.3 million for supplies and materials (textbook adoptions), \$5.5 million in capital expenditures (the funding for capital will be transferred from working cash) and \$1.3 million from other sources. While the summary of all funds reflects a negative balance, the source of the imbalance is due to the transfer from the working cash fund to finance capital projects.

Despite this projected increase in revenue, School District U-46 will continue to invest cautiously. Illinois state pension reform remains the looming unknown in our future. This FY 2016 budget assumes that our pension costs will remain unchanged for the current school year but that decision continues to be debated at the state level. We may still see a cost shift that would require all school districts to contribute more in order to decrease the state's pension burden. Currently, we cannot predict the impact any cost shift would have in FY 2016.

The District continues to devote resources towards the implementation of the more rigorous Illinois Learning Standards which includes our rollout of the Eureka Math program along with other curriculum and resource investments, AVID, Multi-tiered Systems of Support (MTSS), Teacher Effectiveness Initiatives and Family and Community Engagement to help drive improvement among our staff and students. The District will continue to expand resources for dual language, the ignite program, advanced placement classes, high school academies, early childhood, special education, technology resources in the classroom while also promoting equity and excellence initiatives to help all students succeed.

The FY 2016 budget projects \$500.7 million of revenues and other financing sources, and \$507.6 million of expenditures, for a net decrease in total fund balance of \$6.9 million. The reduction in fund balance is due to using \$13 million in bonds sold in Fiscal Year 2015 for capital building projects. The operating funds are balanced with a small increase in fund balance.

With the significant investment in human and capital resources within the FY 2016 budget over the FY 2015 budget, the District continues to strengthen and expand the quality of education for all students. The opportunities for student and staff growth, assistance and guidance are numerous and will continue to support the District's mission and goals.

This budget, stemming from federal, state and local dollars, represents our financial investment in the education of more than 40,000 students in School District U-46 and I will continue to advocate for more dollars, and a more equitable distribution of those dollars, at the state level. But we all know that there's more to a school district, a family or a person than money alone. We need your continued support, collaboration and active involvement. We need you talking with kids at lunch tables, we need your help putting more books in homes and tutoring children as they read those books or work on a math or science problem. We need you to mentor at-risk students, raise money for PTOs, and continue to support our dedicated teachers. The list of needs is as varied as the gifts and skills that each of you can bring to our schools and the District as a whole. Thank you for all you have done in the past year and I look forward to working alongside even more of you in 2015-2016.

Sincerely,

A handwritten signature in black ink, appearing to read "Tony Sanders", with a stylized flourish at the end.

FY 2016 Budget Goals

This year the budget was developed with the Strategic Plan and successful program development/expansion/revisions as the driving forces. Additionally, the organization continues to update and invest in the curriculum with the rollout of a new math program at the elementary and middle school level, kindergarten through eighth grade science, seventh through twelfth grade reading, sixth through twelfth grade English language arts, precision manufacturing and advanced placement resources at the high school level.

The FY 2016 budget designates resources to expand the AIM and Ignite programs (formerly the gifted program), continue the expansion of the Dual Language program, the Early Childhood program, all day kindergarten, after school assistance programs, advanced placement programs, expanded opportunities for high school academy students and increased opportunities for educational and extracurricular opportunities for all students.

The District is also continuing to devote resources towards positive interventions that will promote student success. Examples include, Advancement Via Individual Determination (AVID), the integration of Multi-Tiered Systems of Support (MTSS), after school academic assistance programs, summer programs that provide academic supports for struggling students, mentoring programs and the Alignment and Collaboration for Education (ACE) to stimulate the steady progress toward our long term goals.

Moreover, the District continues to invest in our new teachers through the Teacher Mentor Program (TMP) which is a nationally recognized, award winning, Illinois State Board of Education approved employee support and assistance initiative for educators new to U-46. The program is designed to provide assistance via a two-year arrangement for teachers new to the profession and a one year plan for teachers new to our District. The program is not limited to teachers; it is also available to nurses, social workers, psychologists, diagnosticians, speech language pathologists, librarians, instructional specialists and counselors. The TMP is a formal mentoring relationship which compels mentors and mentees to work closely together and engage in a variety of program-level and classroom-based activities designed to enhance professional practice.

Also, while U-46 and the Elgin Teachers Association have worked together to create and support an award winning Teacher Mentor Program they have also combined efforts to develop a Teacher Appraisal Program based on the work of Charlotte Danielson. Within those systems we have a teacher development program called Peer Assistance and Review (PAR). The PAR program provides instructional support to teachers who voluntarily request services. These teachers are interested in improving their professional practice through the assistance of a peer.

Equally impressive has been the changes that have evolved with the introduction of the new math curriculum. Over 800 teachers have participated in professional development

and all elementary and secondary teachers will participate in expanded professional development that will be led by our professional teachers who have elected to provide the training for their colleagues. The model has been met with many accolades at every level and will be expanded as the organization progresses forward and transitions to curriculum that meets the Common Core State Standards.

Additionally, with the investment in programs, student resources, professional development and student supports mentioned previously we will continue to invest heavily to upgrade and maintain our infrastructure and capital assets. For example, currently 67% of the District has wireless coverage and within the next twelve months, 90% of the District will be completed which will facilitate the organization's move towards the expansion of mobile classroom devices. Moreover, the District continues to invest in back office systems like the requisition system, the applicant tracking system, the food service ordering and inventory system and the payroll and time keeping systems to reduce overhead costs and improve efficiency. Also, we have budgeted to fund the Technology Plan approved by the Board of Education in spring of 2015, which allocates nearly \$5 million per year for classroom technology. The goal over the next two years is to standardize the equipment in every classroom across the organization. Last, we will continue to invest in the District's mechanical systems, parking lots, roofs, building interior and exterior spaces, athletic facilities and painting program to provide environments for our students and staff that exceed expectations.

Economic Condition and Financial Outlook

The economy continues to be in a low growth, and low inflation environment. The Consumer Price Index rose in calendar year 2014 by 0.8%, a decrease from 1.5% in 2013. The low inflation rate will keep Property Tax revenue increases around 1.15% for FY 2016 if the full levy is utilized. The budget includes an increase from the 2014 tax levy but assumes no levy increase for the 2015 tax levy.

For FY 2016 the full General State Aid Claim would be \$122.7 million, however, that amount will be prorated at 92% to \$112.9 million. The FY 2015 claim was originally prorated at 89%, however, in March the proration was changed to 87%. The increase of \$15.2 million in our net General State Aid claim is due to the change in proration percentage and also lower Equalized Assessed Valuation of Taxable property in the District.

The District anticipates receiving three of four state categorical payments. The state was able to become current on categorical payments as of July 2015; however, with the State budget unbalanced, and not finalized, we are anticipating the possible delay in receiving payments. Categorical payments include programs such as Special Education, Bilingual Education, and transportation reimbursement.

The District will see a \$2.0 million increase in Federal Aid in FY 2016. The increase is primarily for the new Early Childhood Expansion Grant.

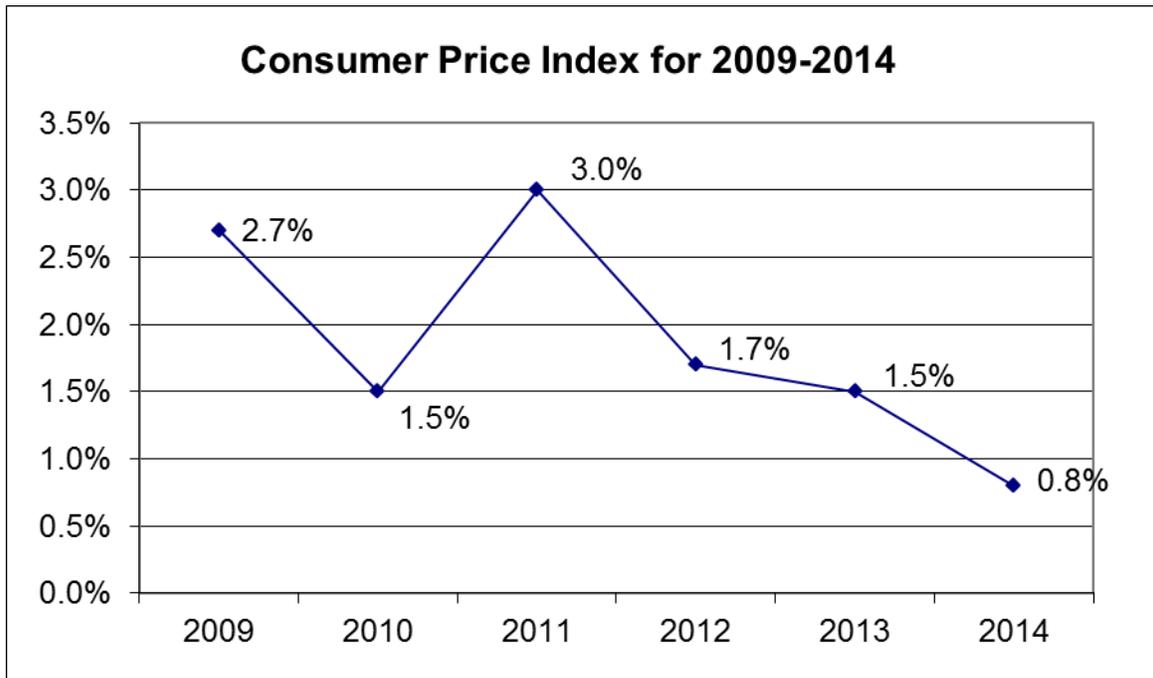

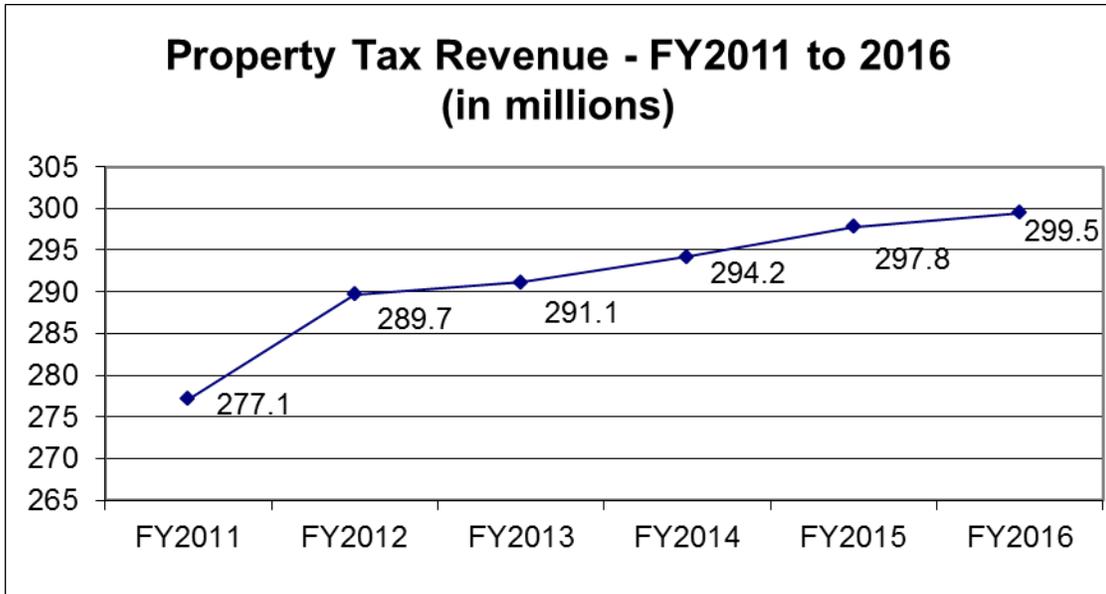

In FY 2014, the District was able to maintain Financial Recognition with an Illinois State Board Financial Profile score of 3.70. The District has received the Recognition status each year since FY 2012.

Major Assumptions Used for Development of Budget

REVENUE

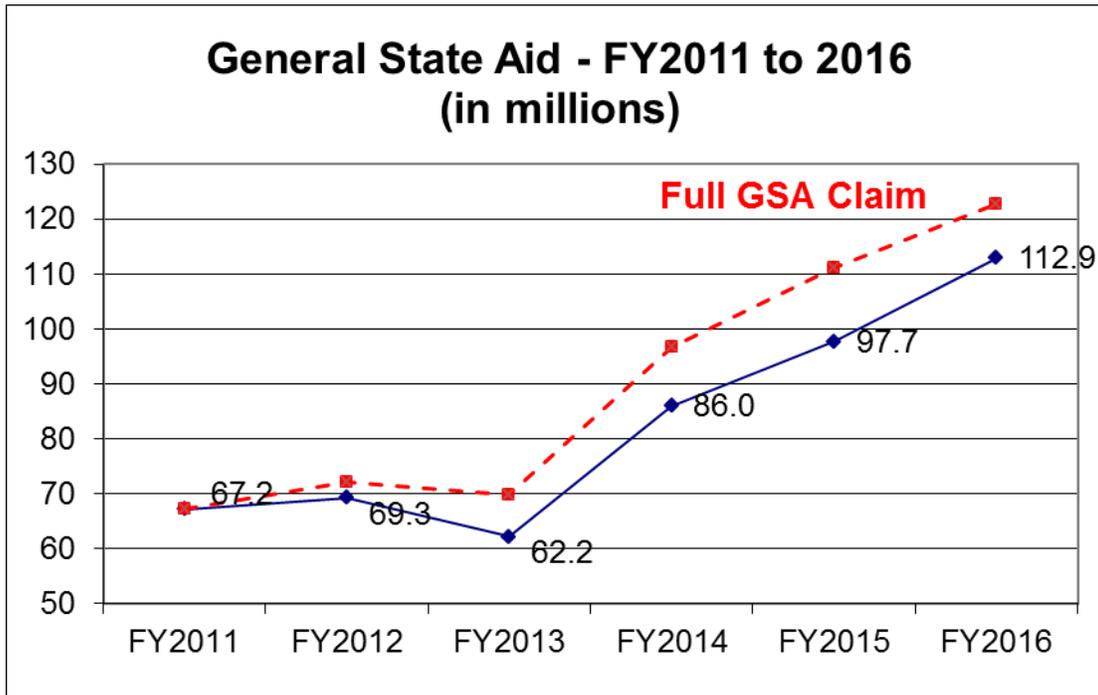

Property Taxes

Property tax revenue can grow at the rate of inflation plus revenue due to new construction and other properties coming onto the tax rolls (such as expiring Tax Increment Financing (TIF) districts). For FY 2016 the projected increase is \$1.7 million from the tax year 2014 levy and no increase from the tax year 2015 levy.

General State Aid Foundation Level

The General State Aid calculation is based on preliminary information received from the State Board of Education and represents an increase from the prior year, from \$98.9 million to \$112.9 million. The full General State Aid claim amount is being prorated at 92% compared to a final proration percentage of 87% last year. The total gross General State Aid claim increased primarily due to lower Equalized Assessed valuations.

Other State Revenue

State revenues are budgeted for three quarterly payments. For FY 2015 the 4th quarter state categorical revenue payments were received in July, however, the overall state budget has not been finalized as of early August.

Federal Aid

Federal Aid will see an increase of \$2.0 million for FY 2016, for a total of \$35.8 million. The new Early Childhood Expansion grant will be \$2.4 million in new revenue.

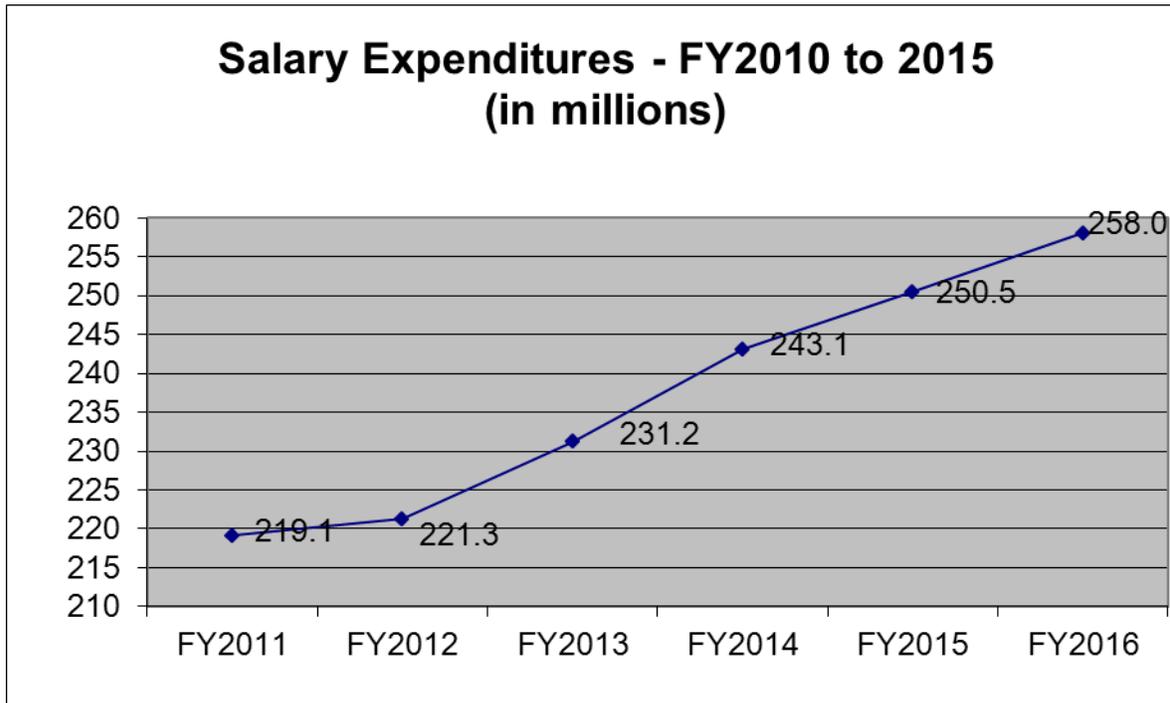

Revenue from Financing

The FY 2016 budget includes \$6.7 million in financing sources for the purchase of 87 new buses.

EXPENDITURES

Salary Expenditures

Salary expenditures are budgeted for contractual increases for teachers, support staff, and administrators. The increase in salary expenditures is a total of \$7.5 million; \$4.0 million of which is being allocated to support the Strategic Plan and unforeseen staffing needs.

Benefit Expenditures – Health Insurance

Health Insurance benefit is expected to continue to increase by 5% for FY 2016. The “Employee Benefits” line item encompasses employee health, dental, and retirement benefits.

Capital Outlay

The FY 2016 budget includes \$13 million in capital projects for buildings to be funded from the bonds issued in FY 2015. Equipment purchases of \$5.6 million for computer equipment and \$6.7 million for 87 new buses. Equipment for the lockdown project is \$2.2 million.

Debt Issuances

The FY 2016 Budget does not have any new long term debt issuances.

The FY 2016 Budget includes a \$6.7 million lease to purchase new school buses. The first year lease payment will be \$1.4 million.

School District U-46 District Map

ORGANIZATIONAL

School District U-46

Description of the District FY 2016 Budget

School District U-46 operates as a public school system governed by an elected seven-member Board of Education. The District is organized under the School Code of the State of Illinois, as amended. The District serves the communities of Bartlett, Elgin, Hanover Park, South Elgin, Streamwood, Wayne, and portions of Carol Stream, Hoffman Estates, St. Charles, Schaumburg, and West Chicago.

School District U-46 is the second-largest school district in Illinois. Covering 90 square miles, the District is located approximately 45 minutes northwest of Chicago. School District U-46 serves more than 41,000 children in grades PreK-12 at our 56 school buildings.

U-46 has paved the way for student success and prepares our students to be citizens of the world. With a diverse community, our children receive specialized attention and numerous programs available to fit their needs. Some of our special offerings include an academy program at the high schools, honors and gifted programs, Dual Language program, English Language Learners program, special education for those students in need, and various sports, clubs and activities to match a wide range of student interests.

The District's mission is U-46 will be a great place for all students to learn, all teachers to teach, and all employees to work. All means all.

The focus of the District is Academic Success for All. Consequently, the Board of Education has been working for several months on the District's long-term Strategic Plan that will guide the academic and operational direction of U-46 for the next five years.

The School Board is working with a steering committee and representatives from District Management Council (DMC) to facilitate the process. In December 2014, more than 100 stakeholders (employees, parents/guardians, students, and community members) were interviewed. Their feedback guided the School Board and steering committee as they developed the draft plan which has been reviewed by the Board of Education on March 2, 2015. A series of public meetings were held in March 2015 to review the plan and seek more feedback. The steering committee worked with the Board to revise the Strategic Plan based on feedback from all stakeholders.

On April 20, 2015, the Board of Education approved the U-46 Strategic Plan that includes four aspirations goals, a theory of action, and priorities of our new Strategic Plan.

The Strategic Plan Steering Committee will now begin the work of developing measurable goals that fit with the approved priorities of the District.

Following are the governmental funds used by the District:

- Operating Funds (or General Fund)
 - Education Fund
 - Transportation Fund
 - Operations and Maintenance Fund
- Special Revenue Funds
 - Tort Immunity and Judgment Fund
 - IMRF/Social Security Fund
 - Working Cash Fund
- Debt Service Fund
 - Debt Service Fund

- Capital Projects Funds
 - Fire Prevention and Safety Fund
 - Capital Projects Fund
 - Developers Fees Fund

The above listing includes all funds of the District.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. This is also the manner in which these funds are budgeted. This presentation is deemed most appropriate to (a) demonstrate legal and covenant compliance, and (b) demonstrate the source and use of liquid resources.

Governmental fund revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within sixty-five days of the end of the current fiscal year. The District uses sixty-five days in order to capture reimbursement payments released by the State of Illinois during the months of July and August.

Non-exchange transactions, in which the District receives value without giving equal value in return, include property taxes, replacement taxes, grants, entitlements, and donations. The District will recognize 50% of the 2014 tax extension and 50% of the 2015 extension in FY 2016, as this is the period for which the taxes have been levied (intended to finance). Revenue from replacement taxes is recognized when collected by the state, prior to disbursement to the District. Revenue from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the District must provide local resources to be used for

a specified purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis.

Revenues considered to be susceptible to accrual include property taxes, intergovernmental revenue, and interest income. All other revenue items are considered to be measurable and available only when cash is received by the District.

Governmental fund expenditures generally are recorded when a liability is incurred, as under full accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, termination benefits, and claims and judgments, are recorded only when payment is due.

Board Policy – Fiscal Management Goals
FY 2016 Budget

BOARD POLICY 4.001 – FISCAL MANAGEMENT GOALS

The Board of Education recognizes that money and money management comprise the financial support of the whole school program. To make that support as effective as possible, the Board intends:

1. To require advanced planning through the best possible budget procedures.
2. To explore all practical and legal sources of dollar income.
3. To guide the expenditure of funds so as to achieve the greatest educational returns.
4. To require accuracy and maximum efficiency in accounting and reporting procedures.
5. To maintain a balanced budget and/or positive fund balances.

As trustee of community, state, and federal funds allocated for use in local education, the Board of Education has the responsibility to protect the funds and use them wisely.

The Board of Education recognizes the factor of accountability in planning and budgeting expenditures of public funds.

School District U-46

Illinois Budget Statute FY 2016 Budget

(105 ILCS 5/17-1) (from Ch. 122, par. 17-1)

Sec. 17-1. Annual Budget. The board of education of each school district under 500,000 inhabitants shall, within or before the first quarter of each fiscal year, adopt and file with the State Board of Education an annual balanced budget which it deems necessary to defray all necessary expenses and liabilities of the district, and in such annual budget shall specify the objects and purposes of each item and amount needed for each object or purpose.

The budget shall be entered upon a School District Budget form prepared and provided by the State Board of Education and therein shall contain a statement of the cash on hand at the beginning of the fiscal year, an estimate of the cash expected to be received during such fiscal year from all sources, an estimate of the expenditures contemplated for such fiscal year, and a statement of the estimated cash expected to be on hand at the end of such year. The estimate of taxes to be received may be based upon the amount of actual cash receipts that may reasonably be expected by the district during such fiscal year, estimated from the experience of the district in prior years and with due regard for other circumstances that may substantially affect such receipts. Nothing in this Section shall be construed as requiring any district to change or preventing any district from changing from a cash basis of financing to a surplus or deficit basis of financing; or as requiring any district to change or preventing any district from changing its system of accounting.

To the extent that a school district's budget is not balanced, the district shall also adopt and file with the State Board of Education a deficit reduction plan to balance the district's budget within 3 years. The deficit reduction plan must be filed at the same time as the budget, but the State Superintendent of Education may extend this deadline if the situation warrants.

If, as the result of an audit performed in compliance with Section 3-7 of this Code, the resulting Annual Financial Report required to be submitted pursuant to Section 3-15.1 of this Code reflects a deficit as defined for purposes of the preceding paragraph, then the district shall, within 30 days after acceptance of such audit report, submit a deficit reduction plan.

The board of education of each district shall fix a fiscal year therefor. If the beginning of the fiscal year of a district is subsequent to the time that the tax levy due to be made in such fiscal year shall be made, then such annual budget shall be adopted prior to the time such tax levy shall be made. The failure by a board of education of any district to adopt an annual budget, or to comply in any respect with the provisions of this Section, shall not affect the validity of any tax levy of the district otherwise in conformity with the law. With respect to taxes levied either before, on, or after the effective date of this amendatory Act of the 91st General Assembly, (i) a tax levy is made for the fiscal year in which the levy is due to be made regardless of which fiscal year the proceeds of the levy are expended or are intended to be expended, and (ii) except as otherwise provided by law, a board of education's adoption of an annual budget in conformity with this Section is not a prerequisite to the adoption of a valid tax levy and is not a limit on the amount of the levy.

Such budget shall be prepared in tentative form by some person or persons designated by the board, and in such tentative form shall be made

conveniently available to public inspection for at least 30 days prior to final action thereon. At least 1 public hearing shall be held as to such budget prior to final action thereon. Notice of availability for public inspection and of such public hearing shall be given by publication in a newspaper published in such district, at least 30 days prior to the time of such hearing. If there is no newspaper published in such district, notice of such public hearing shall be given by posting notices thereof in 5 of the most public places in such district. It shall be the duty of the secretary of such board to make such tentative budget available to public inspection, and to arrange for such public hearing. The board may from time to time make transfers between the various items in any fund not exceeding in the aggregate 10% of the total of such fund as set forth in the budget. The board may from time to time amend such budget by the same procedure as is herein provided for its original adoption.

Beginning July 1, 1976, the board of education, or regional superintendent, or governing board responsible for the administration of a joint agreement shall, by September 1 of each fiscal year thereafter, adopt an annual budget for the joint agreement in the same manner and subject to the same requirements as are provided in this Section.

The State Board of Education shall exercise powers and duties relating to budgets as provided in Section 2-3.27 of this Code and shall require school districts to submit their annual budgets, deficit reduction plans, and other financial information, including revenue and expenditure reports and borrowing and interfund transfer plans, in such form and within the timelines designated by the State Board of Education.

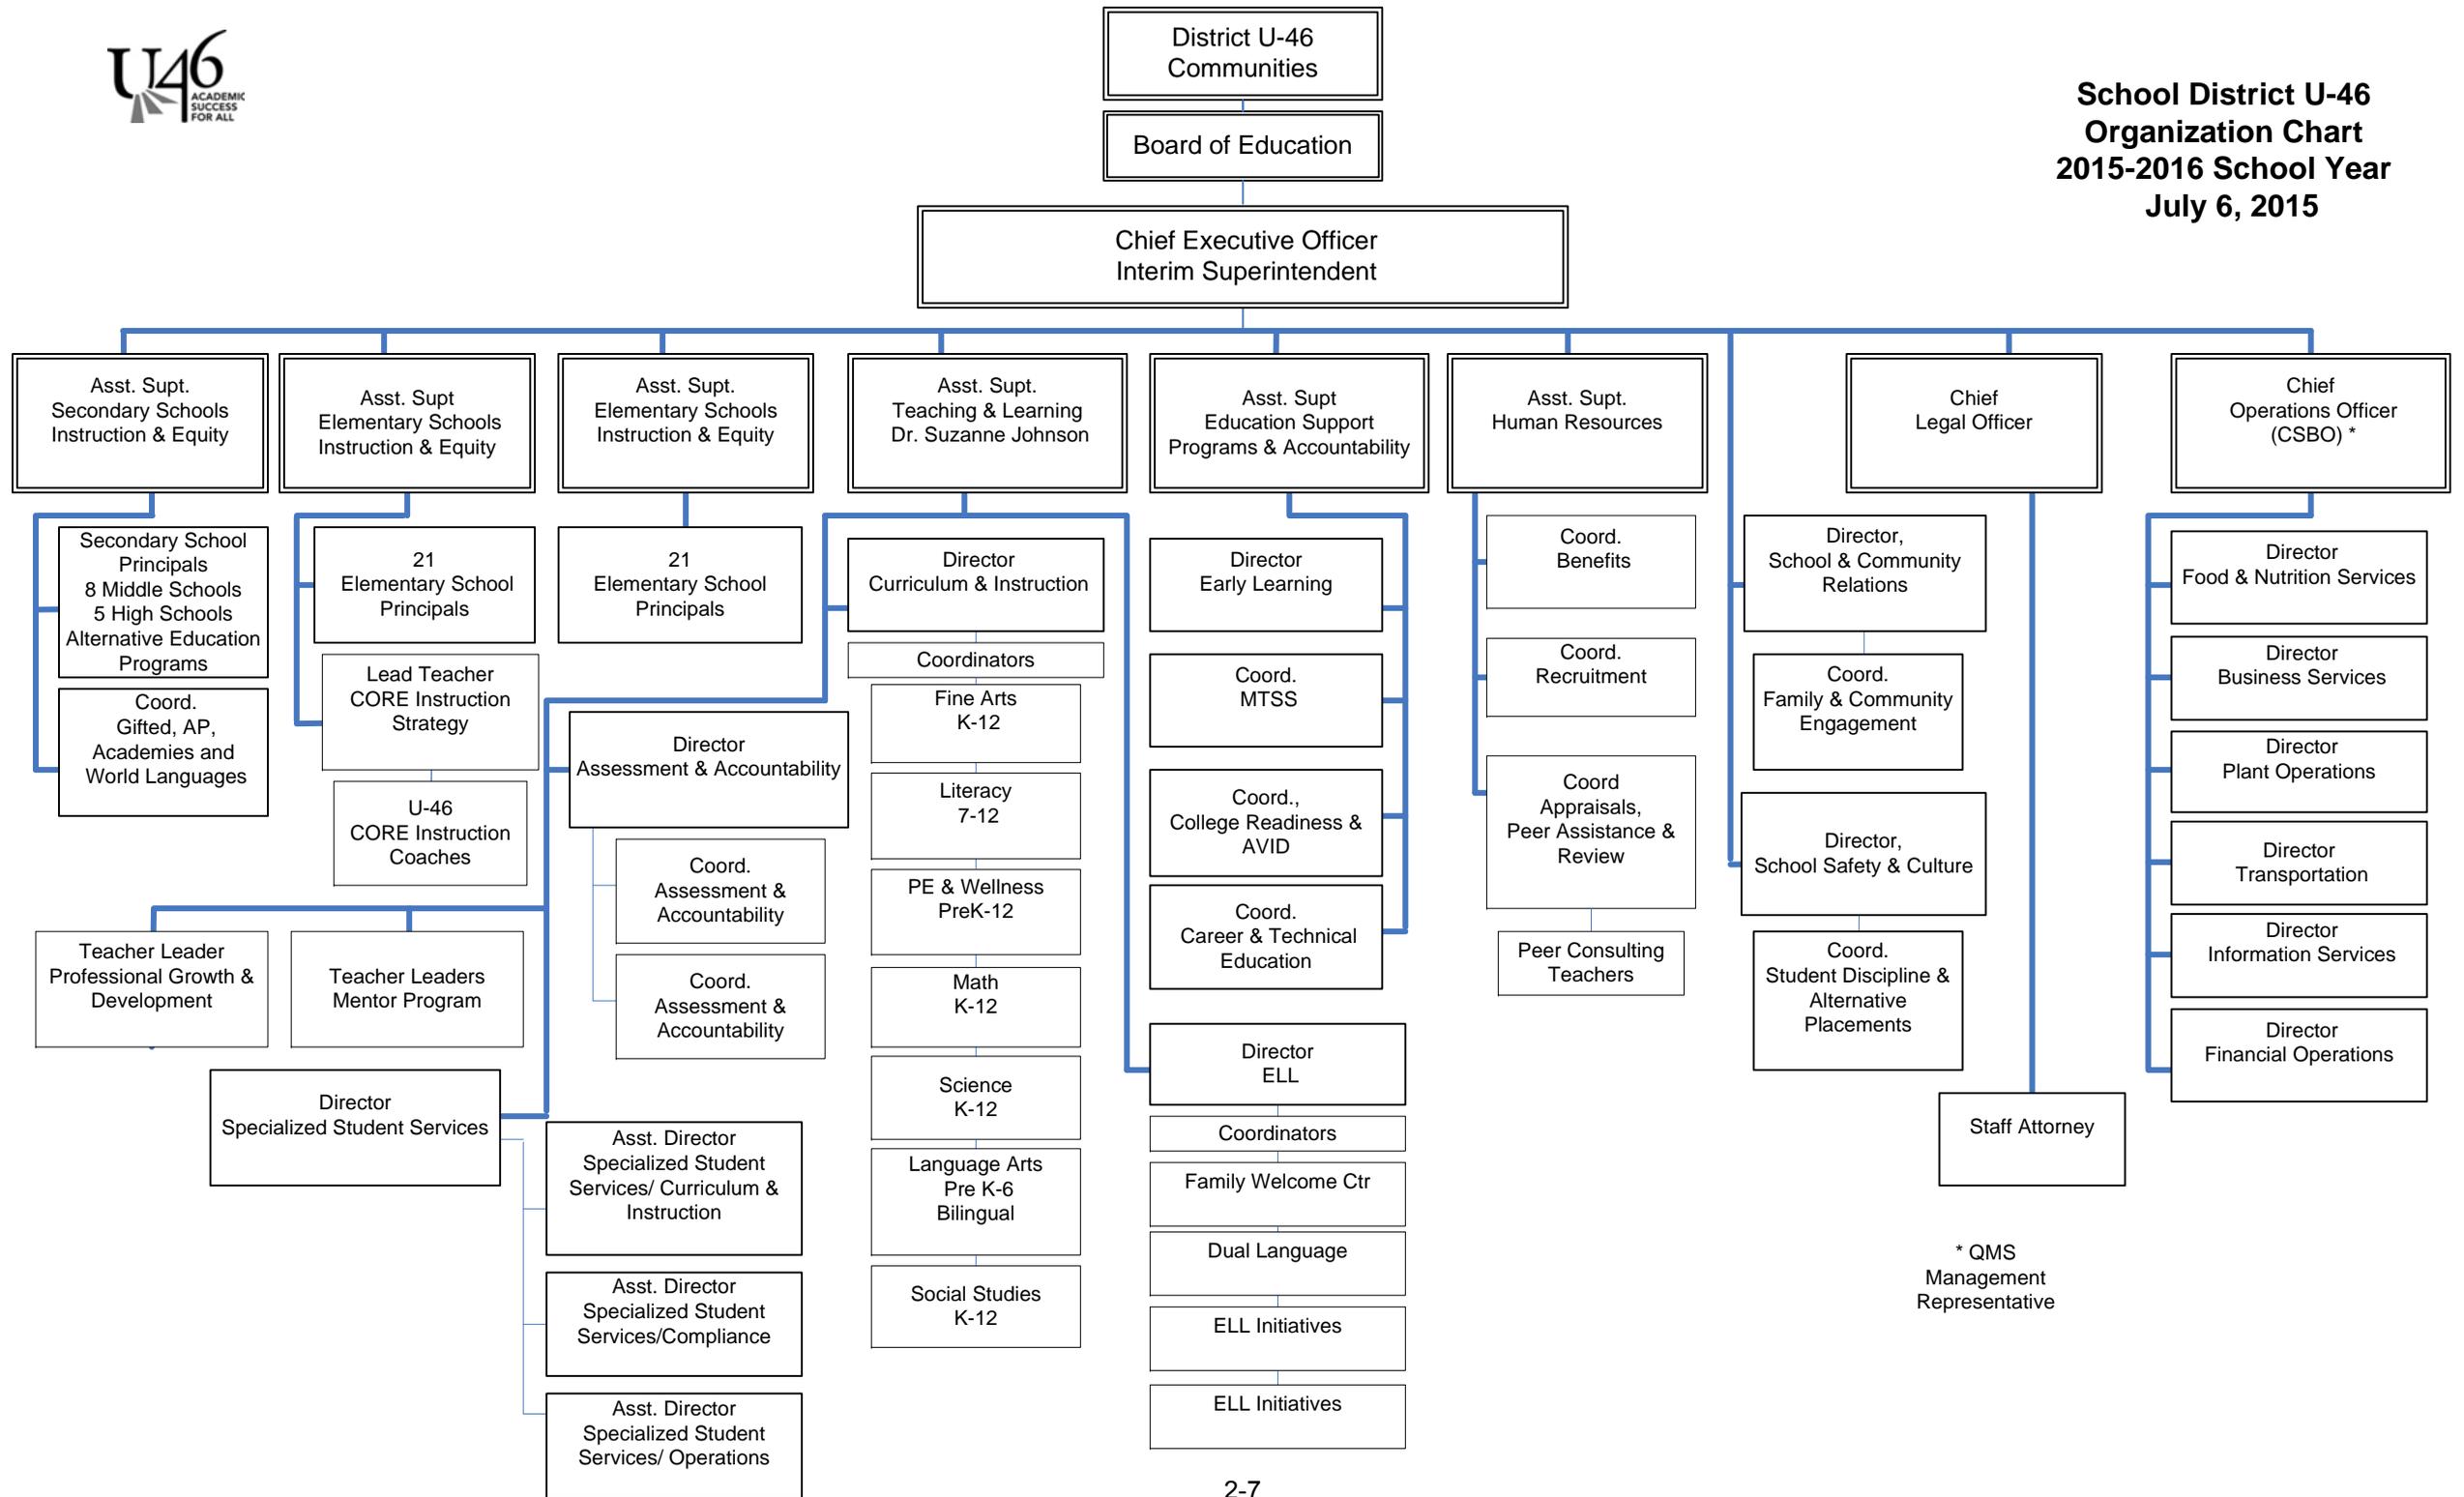

By fiscal year 1982 all school districts shall use the Program Budget Accounting System.

In the case of a school district receiving emergency State financial assistance under Article 1B, the school board shall also be subject to the requirements established under Article 1B with respect to the annual budget.

District Leadership
FY 2016 Budget

Board of Education

State law holds school boards responsible for policies in these areas: approval of courses of study and textbooks, adoption of an annual budget, construction, furnishing and maintenance of facilities, and employment and evaluation of the superintendent.

Elected members serve four-year terms and are not paid for their services. To be eligible to serve, a school board member must meet the following requirements on the date of election: is a citizen of the United States, at least 18 years old, a registered voter, a resident of the State of Illinois, and a resident of School District U-46 for at least one year immediately preceding the election. Two staff members and one student sit at the table with the members of the Board of Education. Chief Executive Officer Tony Sanders, Chief Legal Officer Miguel A. Rodriguez, who serves as Board Secretary, and Allison Holloway, Student Advisor to the Board, are resource persons, but do not vote.

Board meetings are generally held twice each month, usually on the first and third Monday, at 7:00 p.m., unless the school schedule dictates otherwise. The meetings are open to the public and comments are heard from community members during the Comments from the Audience section of the agenda. The meeting schedule and official board minutes are posted on the District website.

Chief Executive Officer

Tony Sanders is the chief executive for School District U-46. Mr. Sanders, who joined U-46 in 2007, most recently served as the Chief of Staff for Dr. José M. Torres. He serves as the Chief Executive Officer and runs the day-to-day operations of the School District which includes being held responsible for implementation of Board policy; the alignment of resources to the Board-approved Strategic Plan; demonstrating progress towards the goals established in the Accountability Plan for Continuous Improvement; and the review and implementation of the District's Annual Planning Cycle.

Prior to joining School District U-46, Mr. Sanders worked for the St. Louis Public Schools as a Chief Communications Officer and also as a consultant for several education firms. He also had served as Acting Director for Governmental Relations and Public Information for the Illinois State Board of Education, and has more than a decade of experience in leadership positions for several Illinois state agencies, including the Department of Professional Regulation and the Illinois Department of Public Health. Mr. Sanders earned his Master of Business Administration degree from New York Institute of Technology – Ellis College, and his undergraduate degree from the University of Illinois at Springfield.

Tony Sanders has the following aspirations for the School District as reflected in the District's Strategic Plan:

We will educate the whole student by providing an enriched, high quality experience that empowers all graduates to be competitive members of the global society.

We will value, develop and recruit a forward-thinking, highly qualified, and diverse workforce.

We will engage in meaningful and effective relationships with all families and the greater community.

We will advocate for and utilize systems and resources that promote operational excellence, efficiency and accountability.

Interim Superintendent

Dr. Kenneth Arndt retired as the Superintendent of Community Unit School District 300 in 2011 after serving as that district's leader for a decade. Prior to joining D300 he had served as the Superintendent of Decatur (Illinois) Public Schools from 1995 to 2001, and Associate Superintendent of Elyria City Schools in Elyria, Ohio, from 1990 to 1995. He also has a decade of experience as a principal in school districts in Ohio. He holds his doctorate in Educational Administration and Supervision from the University of Toledo, and his Master of Science and undergraduate degree from Bowling Green State University in Bowling Green, Ohio.

District Leadership

In 2015-16, Chief Executive Officer Tony Sanders' staff includes two Assistant Superintendents for Elementary Schools, Instruction & Equity, Assistant Superintendent for Secondary Schools, Instruction & Equity, Assistant Superintendent for Teaching and Learning, Assistant Superintendent of Human Resources, Assistant Superintendent of Support Programs & Alignment, Chief Legal Officer, and Chief Operations Officer/Chief School Business Official.

School District U-46
Theory of Action

U-46's theory of action emphasizes equity in distribution of resources and a culture of innovation in order to prepare all students for success.

IF WE...

- Hire, develop, and support team members at every level of the organization;
- Empower schools and school staff to use innovative techniques to meet the unique needs of their students and to engage parents and families;
- Promote a collaborative culture that results in increased flexibility at the school level and maintains accountability to high standards of performance;
- Ensure that district resources are distributed equitably and transparently;

THEN...

All students will have the experiences they need to graduate from U-46 and will be prepared with the skills necessary to compete and succeed in a global society.

School District U-46 Strategic Plan

The steering committee completed the draft of the aspirations and priorities based on feed back from the community. The Board approved these April, 2015.

School District U-46

Budget Development, Administration and Management FY 2016 Budget

Annual budgets are adopted for all governmental fund types. The annual budgets are adopted on the modified accrual basis of accounting at the fund level. All budgets lapse at fiscal year end. The District maintains a system to measure the uncommitted budget amount available for expenditures at any time during the year. For budgetary purposes, appropriations lapse at June 30 and outstanding encumbrances are canceled at that date.

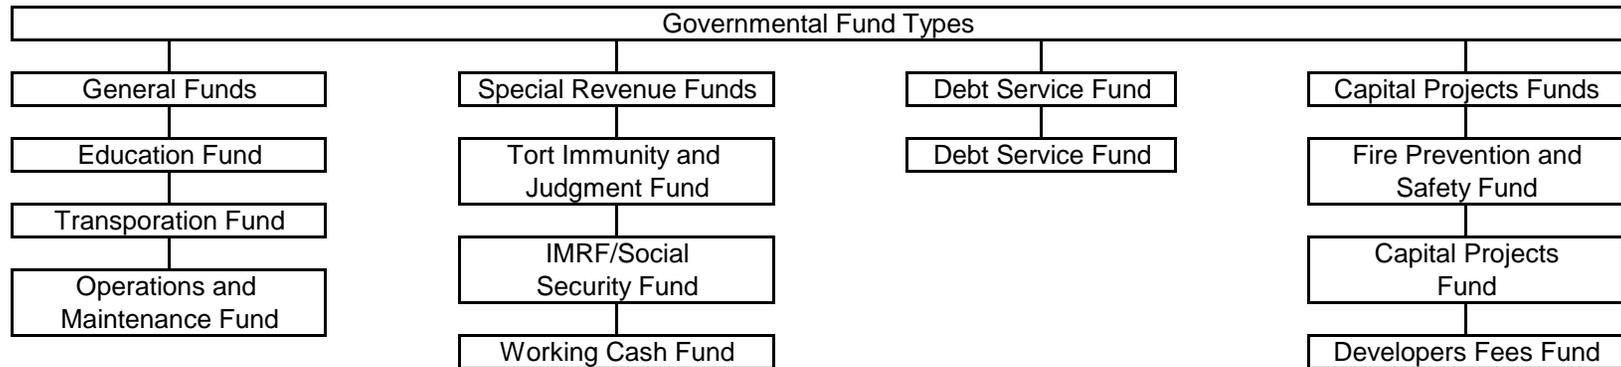

On or before July 1 of each year, the Superintendent is to submit for review by the Board of Education a proposed budget for the school year commencing on that date. After reviewing the proposed budget, the Board of Education holds public hearings, and a final budget must be prepared and adopted no later than September 30. Budgeting for capital expenditures is included in this process.

The appropriated budget is prepared by fund and by function. The Board of Education may make transfers between functions within a fund not exceeding the aggregate of 10% of the total of such fund, and may amend the total budget following the same procedures required to adopt the original budget. The legal level of budgetary control is at the fund level.

All Funds Except Capital Projects Funds Description
FY 2016 Budget

All Funds Except Capital Projects Funds

The presentation of All Funds Except Capital Projects Fund is not a separate budget, but is a combination of all District funds except the Capital Projects Funds. This presentation, excluding the Capital Projects Funds, is valuable since Capital Projects Funds often accumulate resources in different accounting periods than those funds are spent. Therefore the typical one-year accounting period typically will not provide an appropriate matching of expenditures and the revenues to support those expenditures.

Operating Funds Description
FY 2016 Budget

Operating Funds

The combined Operating Funds is not a separate budget, but is a combination of the Education Fund, the Transportation Fund, and the Operations and Maintenance Fund. This combination of funds makes up the general operating fund of the District. This concept of the combined Operating Funds is also used by the Illinois State Board of Education (ISBE) for financial analysis purposes.

Transportation Fund Description
FY 2016 Budget

Transportation Fund

The Transportation Fund is used to account for the costs associated with transporting students for any purpose. All costs of transportation, other than those authorized by statute to be paid from another fund, shall be paid by this fund. Any funds received for transportation purposes must be deposited into this fund, with amounts due other funds appropriately transferred thereafter.

(C) Includes the following: Adult Education and Alternative Education.

(D) The survival rate for each grade level is an average of the survival rates at each grade level for the previous years.

(E) Kindergarten numbers are based upon live births from area hospitals for years 2003-2004 thru 2012-2013. A ratio of kindergarten enrollments to live births was developed for kindergarten enrollment years 2009-2010 thru 2013-2014 based on live births from 2003-2004 thru 2007-2008. The average ratio was applied to the recorded births for 2008-2009 thru 2012-2013 to obtain kindergarten projections for years 2014-2015 thru 2018-2019. Refer to Kindergarten Projections on the following page.

(F) The "Special Education" Projection is calculated using the following formula:

$$F = (\text{Current enrollment B} / \text{Current K-12}) * \text{K-12 Projected Enrollment}$$

(G) The "other" projection is calculated using the following formula:

$$G = (\text{Current enrollment C} / \text{Current K-12}) * \text{K-12 Projected Enrollment}$$

Please note, the CAC Enrollment and Facilities Committee did not update the annual report for 2015. The committee has been working on boundaries.

2013-14	\$5,889	\$7,094	\$10,194	\$12,045

Instructional expenditure per pupil is derived by summing the instructional expenditures and then dividing by the nine-month Average Daily Attendance. Instructional expenditure per pupil is the direct costs of teaching pupils or the interaction between teachers and pupils. Instruction has a very narrow and restrictive definition for purposes of the calculation.

Operating expenditure per pupil is the gross operating cost of a school district divided by the nine-month Average Daily Attendance for the regular school term.

Operating Expenditures include all other Instructional Expenditures other than teachers, which are costs of Pupil Support Services, Instructional Staff Support Services, School Administration, Business Support Services, Central Support Services, Community Services, Debt Services, payments to other governmental units for services provided, Central Administration Services, Transportation, Food Service, Information Services and Plant Operations.

School District U-46

Glossary of Terms FY 2016 Budget

This Glossary contains definitions of terms used in this document and such additional terms as deemed necessary to common understanding concerning Illinois budgetary accounting procedures for schools. Several terms, which are not primarily budgetary accounting terms, have been included because of their significance for school district accounting. The glossary is arranged alphabetically.

ACCOUNTING SYSTEM. The total structure of records and procedures that discover, record, classify, and report information on the financial position and operation of a school district or any of its funds, balanced account groups and organizational components.

ACCOUNT NUMBER. An account number is a defined code for recording and summarizing financial transactions.

ACCOUNTING PERIOD. The accounting period is a period at the end of which and for which financial statements are prepared. For School District U-46, the accounting period is as of and for the year ending June 30.

ACCRUAL BASIS. Accrual basis accounting is an accounting system that records revenues when earned and expenditures when a fund liability is created, regardless of the accounting period in which cash payment is actually made. An encumbrance system may be used in conjunction with an accrual basis accounting system.

ACCRUED EXPENDITURES. Accrued expenditures are those expenditures which have been incurred and have not been paid as of a given date.

ACCRUED INTEREST. Accrued interest is interest earned between interest dates, but not yet paid.

ACCRUED LIABILITIES. Accrued liabilities are those amounts owed but not yet paid as of a given date.

ACCRUED REVENUE. Accrued revenue is revenue earned and not yet collected regardless of whether due or not.

APPROPRIATION. An appropriation is an authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes. Note: An appropriation is usually limited in both the dollar amount and the time when it may be expended.

APPROPRIATION ACCOUNT. A budgetary account established to record a specific authorization to spend. The account is credited with original and any supplemental appropriations, and is charged with expenditures and encumbrances.

ASSESSED VALUATION. The assessed valuation is the total dollar value assigned to all real property and improvements thereon, plus personal property, subject to taxation.

ASSETS. The entire property owned by the school District.

AUDIT. An audit is an examination of the financial records of the School District to obtain reasonable assurance that the financial statements prepared by the District are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. It further includes an assessment of the accounting principles and procedures used, and of the significant financial estimates made by management.

AVERAGE DAILY ATTENDANCE (ADA). Average daily attendance is the average attendance of a school taken over a three-week period commencing the first Monday after Labor Day in September. Kindergarten counts as one-half ADA.

BALANCED BUDGET. The budget is balanced if revenues are equal to or exceed expenditures.

BOARD OF EDUCATION. The seven member Board of Education is an elected body that has been created according to state statute, and vested with responsibility for educational activities in the School District.

BOND. A bond is a written promise to pay a specific sum of money, called the face value or principal amount, at a specified date or dates in the future, called the maturity date, and with periodic interest payments at a rate specified in the bond. A bond is generally issued for a specific purpose or project, such as construction of a new facility. The difference between a note and a bond is that a bond generally is for a longer period of time, and requires greater legal formality.

BONDED DEBT. Bonded debt is part of the School District debt that is covered by outstanding bonds of the District. This is sometimes called “funded debt.”

BONDS ISSUED. Bonds issued are reflected when bonds are sold.

BUDGET. The budget is a plan of financial operation embodying an estimate of proposed expenditures for a given period or purpose, and the proposed means of financing those expenditures. The budget is a legal document once it has been approved by the Board of Education.

BUDGETARY CONTROL. Budgetary control is the management of the business affairs of the District in accordance with an approved budget, with the responsibility to keep expenditures within the authorized amounts.

BUILDINGS. Facilities permanently affixed to the land, including their associated heating and air conditioning systems, electrical and sound systems, plumbing and sewer systems, elevators, and other fixed equipment.

CASH. Cash is money or its equivalent, usually ready money. Money in hand, either in currency, coin, or other legal tender, or in bank bills or checks paid and received, deposits and NOW accounts, bank notes or sight drafts, bank certificates of deposit, municipal orders, warrants, or scrip.

CASH BASIS. A basis of accounting under which transactions are recognized only when cash is received or disbursed.

CHART OF ACCOUNTS. A chart of accounts is a list of all accounts generally used in an accounting system. In addition to account title, the chart includes an account number which has been assigned to each account. Accounts in the chart are arranged with accounts of a similar nature; for example, assets and liabilities.

CONTINGENT LIABILITIES. Liabilities which are not now fixed and absolute but which will become so in case of the occurrence of some future and uncertain event.

CONTRACTED SERVICES. Labor, materials and other costs for services rendered by personnel who are not on the payroll of the District.

CORPORATE PERSONAL PROPERTY REPLACEMENT TAX. The corporate personal property replacement tax is collected by the Illinois Department of Revenue as a replacement for the personal property tax.

COST BENEFIT. Cost benefit analyses are those studies which provide the means for comparing the resources to be allocated to a specific program with the results likely to be obtained from it, or analyses which provide the means for comparing the results likely to be obtained from the allocation of certain resources toward the achievement of alternate or competing objectives.

COST EFFECTIVENESS. Cost effectiveness refers to the extent to which resources allocated to a specific objective under each of several alternatives actually contribute to accomplishing that objective.

CURRENT ASSETS. Current assets are cash or anything that can be readily converted into cash.

CURRENT EXPENDITURES PER PUPIL. Current expenditures for a given period of time divided by a pupil unit of measure.

CURRENT LIABILITIES. Current liabilities are debts which are payable within a short period of time, usually no longer than one year.

DEBT. An obligation resulting from the borrowing of money or from the purchase of goods and services. Debts of local education agencies include bonds, warrants and notes.

DEBT LIMIT. The maximum amount of gross or net debt that is legally permitted.

DEBT SERVICE. Debt service includes expenditures for the retirement of debt and expenditures for interest on debt, except principal and interest on current loans, which are loans payable in the same fiscal year in which the money was borrowed.

DEFERRED CHARGES. Deferred charges include expenditures which are not chargeable to the fiscal year in which they are made, but are carried over on the asset side of the balance sheet pending amortization or other disposition. Deferred charges differ from prepaid expenditures in that they usually extend over a long period of time and may or may not be regularly recurring costs of operation.

DEFERRED REVENUES. Deferred revenues are those monies or entitlements which have been recognized as revenues but have not been received and are therefore not available for use.

DEFICIT. A deficit is a shortfall of revenues and transfers in under expenditures and transfers out.

DIRECT COSTS. Direct costs are those elements of cost which can be easily, obviously, and conveniently identified with specific programs or activities, as distinguished from those costs incurred for several different activities or programs and whose elements are not readily identified with specific activities.

DISBURSEMENTS. Disbursements are the actual payments of cash by the District.

DOUBLE ENTRY ACCOUNTING. Double entry accounting is an accounting system that requires for every entry made to the debit side of an account or accounts, there must be an equal entry to the credit side of an account or accounts.

ENCUMBRANCES. Encumbrances are anticipated or actual liabilities provided for by appropriation which is recognized when a contract, purchase order, or salary commitment is made. It reduces the appropriation to avoid expenditure of funds needed to pay anticipated liabilities or expenditures. They cease to be encumbrances when paid.

EXPENDITURES. This includes total charges incurred, whether paid or unpaid, for current costs, capital outlay, and debt service.

FEDERAL GOVERNMENT SOURCES. Federal government sources is that revenue provided directly from the Federal government. Expenditures made with this revenue should be identifiable as federally supported expenditures.

FINANCIAL STATEMENT. A financial statement is a formal summary of the accounting records setting forth the District's financial condition and results of operations.

FISCAL YEAR. The fiscal year is the year by or for which accounts are reckoned or the year between one annual time of settlement or balancing of accounts and another. It consists of a period of twelve months, not necessarily concurrent with the calendar year, with reference to which appropriations are made and expenditures are authorized and at the end of which accounts are made up and the books are closed. The District's fiscal year is the period from July 1 to June 30 of the following calendar year.

FIXED ASSETS. Fixed assets are those assets essential to continuance of proper operation of the District. They include land, buildings, machinery, furniture, and other equipment which the District intends to hold or continue to use over a long period of time.

FULL-TIME EQUIVALENT (FTE). An employee that is hired to fill a normal contract day is equivalent to one (1) full-time equivalent.

FUNCTION. A level in the classification structure hierarchy representing the collection of function elements serving a common set of objectives that reflect the major institutional missions and related support objectives.

CAPITAL OUTLAY. Capital outlay includes expenditures for the acquisition of fixed assets or additions to fixed assets. These are expenditures for land or existing buildings, improvements of grounds, construction of buildings, additions to buildings, remodeling of buildings, initial equipment, additional equipment, and replacement of equipment.

DEBT SERVICE. Debt service payments include payments for principal and interest on the long-term debt of the District.

INSTRUCTION. Instruction consists of those activities dealing with the teaching of students. Included within the instruction function are regular programs, special programs, and other instructional programs.

INTERGOVERNMENTAL. Intergovernmental includes payments to other governmental entities.

SUPPORT SERVICES. Support services include services that provide administrative, technical (e.g., guidance and health), and logistical support to facilitate and enhance instruction. Support services are adjuncts to the fulfillment of the objectives of instruction.

NONPROGRAMMED CHARGES. Non-programmed charges include all payments to other Districts.

FUND. A fund is a separate accounting entity with a self-balancing set of accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. District resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available resources. Following are the funds used by the District.

CAPITAL PROJECTS FUND. The Capital Projects Fund is used to account for proceeds resulting from building bonds, receipts from other long-term financing agreements, or construction or maintenance grants used to finance a capital project, capital lease, lease purchase agreement, or if a tax is levied in accordance with Section 17-2.3 of the School Code.

DEBT SERVICE FUND. The Debt Service Fund is used to account for revenues and related expenditures to retire bond principal or to pay bond interest, or if other revenue is pledged to pay principal, interest, or service charges on other long-term debt instruments. [See 105 ILCS 5/Art. 19]

DEVELOPERS FEES FUND. The Developers Fees Fund is used to account for the proceeds derived from developers' fees and the expenditure of those funds.

EDUCATION FUND. The Education Fund is the general operating fund of the District. It is used to account for all financial transactions not accommodated by another specific fund. This fund is primarily used for most of the instructional and administrative aspects of the District's operations. [See 105 ILCS 5/17-2]

FIRE PROTECTION AND SAFETY FUND. The Fire Protection and Safety Fund is used to account for expenditures for fire prevention, safety, energy conservation, or school security, and the revenues supporting those expenditures. [See ILCS 5/2-3.12 and 17-2.11]

IMRF/SOCIAL SECURITY FUND. The IMRF/Social Security Fund is used to account for property tax revenues and related expenditures for contributions to the Illinois Municipal Retirement Fund (IMRF), Social Security, and Medicare. [See 105 ILCS 5/17-1, 21-110, and 21-110.1]

OPERATIONS AND MAINTENANCE FUND. The Operations and Maintenance Fund is used to account for expenditures for the improvement, maintenance, repair, or benefit of buildings and property, including the cost of interior decorating and the installation, improvement, repair, replacement, and maintenance of building fixtures; rental of buildings and property, payment of all premiums for insurance upon building and building fixtures; all costs of lights, gas, water, telephone service, custodial supplies and equipment, and professional surveys of District property. [See 105 ILCS 5/17-2 and 17-7]

TORT IMMUNITY AND JUDGEMENT FUND. The Tort Immunity and Judgment Fund is used to pay for settlements or judgments, for protecting the District or its employees against liability, property damage or loss, and for risk care management programs.

TRANSPORTATION FUND. The Transportation Fund is used to account for the costs associated with transporting students for any purpose. All costs of transportation, other than those authorized by statute to be paid from another fund, shall be paid by this fund. Any funds received for transportation purposes must be deposited into this fund, with amounts due other funds appropriately transferred thereafter.

WORKING CASH FUND. The purpose of the Working Cash Fund is to enable the District to have in its treasury at all times sufficient money to meet demands for ordinary and necessary expenditures. [See 105 ILCS 5/Art. 20]

FUND BALANCE. The excess of assets of a fund over its liabilities. During the fiscal year prior to closing, it represents the excess of the fund's assets and estimated revenues for the period over its liabilities and appropriations for that period.

FUND EQUITY. The fund equity is the balance of a fund after all liabilities have been deducted from the assets of the fund.

GENERAL OBLIGATION REFUNDING BONDS. Bonds issued to retire bonds already outstanding. The refunding bonds may be sold for cash and outstanding bonds redeemed in cash, or the refunding bond may be exchanged with the holders of the outstanding bonds.

INDIRECT COSTS. Indirect costs are those costs associated with, but not directly attributable to, the providing of a product or service which are of such a nature that they cannot be readily or accurately identified with the specific product or service.

INTERFUND TRANSFERS. Interfund transfers are the transfer of monies between funds. Monies may not be transferred between funds except by the same procedure that is used to approve the budget, including public notification, publication, inspection, and comment. Interfund transfers are usually part of the overall budget plan and are built into the budget at the time of its approval by the Board of Education.

INTERNAL CONTROL. The purpose of internal control is to safeguard the use of public funds and to protect the public trust on behalf of the District. Internal controls are those activities and organizational preparations designed to ensure effective accounting control over assets, liabilities, revenues, expenditures, and any other activities associated with the finance and accounting actions of the District. Some of the precautions instituted by internal control are insuring that no single individual can perform a complete cycle of financial operations and that procedures of the finance and accounting system are specified and monitored. Internal control also requires designated levels of authorization for all actions under the system.

INVESTMENTS. Investments are securities or other properties in which money is held, either temporarily or permanently, in expectation of obtaining revenues. Legal investments for District funds are governed by state statute, which allows for funds belonging to or in the custody of the District to be invested. Bonds, treasury bills, certificates of deposit, and short-term discount obligations issued by the Federal National Mortgage Association of the types of investments which are permitted by law.

LIABILITY. Obligations incurred by the District when deed passes that must be liquidated, renewed, or refunded at a future date.

MODIFIED ACCRUAL BASIS OF ACCOUNTING. The modified accrual basis of accounting is any accounting system that records revenue when susceptible to accrual, this is, it is both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay the liabilities of the current period. Expenditures other than interest on long-term debt generally are recognized when the related fund liability is incurred.

NET CURRENT ASSETS. Net current assets is the difference between current assets and current liabilities. This is also known as working capital.

NET EXPENDITURE. A net expenditure is the actual cost incurred by the District for some service or object after the deduction of any discounts, rebates, reimbursements, or revenue produced by the service or activity.

NET REVENUE. Net revenue is defined as the balance remaining after deducting from the gross revenue for a given period all expenditures during that same period.

OBJECT. The term object applies to expenditure classifications and designates materials or services purchased. Expenditures are grouped by major objects, such as salaries, purchased services, or materials and supplies, and are further divided as needed for cost accounting and control purposes.

CAPITAL OUTLAY. Capital outlay includes expenditures for the acquisition of fixed assets or additions to fixed assets. These are expenditures for land or existing buildings, improvements of grounds, construction of buildings, additions to buildings, remodeling of buildings, initial equipment, additional equipment, and replacement of equipment.

CONTINGENCY, TUITION AND NON-CAPITALIZED EQUIPMENT.

Contingency includes an amount set-aside in the budget to provide for unforeseen items when the budget was developed. Tuition includes expenditures to reimburse other educational agencies for services rendered to students residing within the legal boundaries for our District. Non-capitalized equipment includes items that would normally be classified as capital assets except that they cost more than \$500 but less than the Districts capitalization threshold.

EMPLOYEE BENEFITS. Employee benefits include amounts paid by the District on behalf of employees. These amounts are not included in gross salary, but are over and above it. Payments such as fringe benefits, while not paid directly to employees, nevertheless are a part of the cost of employees.

OTHER EXPENDITURES. Other expenditures include those items that are not recorded in any of the other objects.

PURCHASED SERVICES. Purchased services include amounts paid for personal services rendered by personnel who are not on the District's payroll, and other services the District may purchase.

SALARIES. Salaries include amounts paid to permanent, temporary, or substitute employees on the District's payroll. This includes gross salary for personal service rendered while on the payroll of the District.

SUPPLIES AND MATERIALS. Supplies and materials include amounts paid for material items of an expendable nature that are consumed, worn out, or deteriorated in use, or items that lose their identity through fabrication or incorporation into different or more complex units or substances.

PERFORMANCE BUDGET. A budget that is structured to allow for expenditure analysis based upon measurable performance of predetermined objectives established by each activity.

PERSONNEL, ADMINISTRATIVE. District personnel who are primarily engaged in activities that have as their purpose the general regulation, direction, and control of the affairs of the District. Administrative certification is required.

PERSONNEL, CLASSIFIED. District personnel occupying positions that have as their major responsibilities the preparing, transferring, transcribing, systematizing, and preserving of written communications. They also include personnel engaged in the repairing and upkeep of grounds, buildings and equipment, as well as support personnel whose positions do not require teaching or administrative certification.

PERSONNEL, INSTRUCTIONAL. District personnel who render services dealing directly with the instruction of pupils. School District U-46 requires a State of Illinois Teaching Certificate endorsed by the Kane County Regional Office of Education.

PREPAID EXPENDITURES. Expenditures entered in the accounts for benefits not yet received. Prepaid expenditures differ from deferred charges in that they are spread over a shorter period of time than deferred charges and are regularly recurring costs of operation.

PROPERTY TAX LEVY. The total of taxes or special assessments imposed by a governmental unit which is the product of a specific tax rate and the assessed valuation.

PROPERTY TAX RATE. A statement in dollars and cents, expressed per each \$100 of assessed valuation, that will yield a specified amount of money from property taxes.

PROGRAM. Group activities, operations, or organizational units directly attaining specific purposes or objects.

RECEIPT. The actual receipt of cash.

REVENUES. Additions to assets which do not increase any liability, do not represent the recovery of an expenditure, do not represent the cancellation of certain liabilities without a corresponding increase in other liabilities or a decrease in assets.

SCHOOL BUDGET. A financial plan considering both revenue and expenditures necessary to meet the educational program of a school district. The budget is for one fiscal year.

SCHOOL BUDGET YEAR. The school budget year is a twelve-month period commencing July 1 of one calendar year, and ending June 30 of the following calendar year.

TAX RATE. An amount of tax stated in terms of a unit of the tax base.
