Instrument specific supplies

Clarinets and Saxophones

Students will need to have several reeds in good playing condition. These can be purchased at any good music store, but having a box on hand will avoid last minute scrambles to find a reed! Rico Royale is the recommended brand, and all players should be using a strength of 3 or 3 1/2.

Brass Trumpet, baritone, and tuba students should always have valve oil and slide grease in their cases. Trombone students should have slide-o-mix in their cases.

Slide grease (\$2)	\$
Slide-O-Mix (\$12)	\$

Percussion Students will need to have their own drum sticks, hard rubber mallets, and yarn mallets. A stick bag is highly recommended to keep all items in one place without breaking! *Eighth grade students will also need timpani mallets*. The drum sticks and hard rubber mallets that were included in the percussion kit are acceptable, or you may order new ones. I have included pricing information on a combination pack at the bottom that includes everything needed at a discount!
