\$3.9M in pool maintenance, repairs planned for two U-46 high schools

School District U-46 plans to spend \$3.9 million on maintenance and repair projects for the pools at Elgin and South Elgin high schools in advance of a new swim class being offered at all five district high schools this fall.

A new liner will be added to the Elgin High School pool at a cost of about \$2.5 million and a dehumidifier, pump and filter is to be installed at South Elgin for about \$1.4 million, Deputy Superintendent of Operations Ann Williams said.

For the first time this decade, District U-46 will be offering swimming classes at all five high schools for students in grades 9 through 12.

Launching the course will cost about \$75,300, with more than \$55,000 of that expense earmarked for the purchase of life vests, kickboards, swim fins, water weights, water polo goals and water basketball hoops, documents said. The remaining cost is for teacher training and development.
